Applications for Patent Serial Numbers 551,172/478,193

AFSA-03

Mr. Stauffer, X 293

1. The subject applications, at present unclassified, may in normal course be expected to issue as patents in the near future.

2. AFSA-03 is of the opinion that such issue will not be objectionable from a security standpoint and that the cases do not require reclassification. Your comments relative to this matter are desired.
