3. The Board finds:

a-That the inventions described in Paragraphs 2e, 2h, 2k, 2p and 2r have sufficient military value to warrant prosecution of patent applications by the War Department.

b-That the inventions arose in connection with and as a result of the official duties of the inventors. There was no specific designation to invent the things described in Paragraphs 2e, 2h, 2k, 2p and 2r.

c-That the inventors desire to obtain patents under the provisions of Act 850-50.

d-That the inventions, except those mentioned in Paragraphs 2r and 2t need not be kept secret.

e-That the inventions of Captain Leo Rosen, Paragraph 2r, and Private Leonhard Katz, Paragraph 2t should be kept secret.

4. The Board recommends:

a-That a patent not be obtained at Government expense on the inventions mentioned in Paragraphs 2a, 2b, 2o, 2d, 2f, 2g, 2i, 2l, 2m, 2n, 2o, and 2q.

b-That patents be obtained at Government expense on the inventions mentioned in Paragraphs 2e, 2h, 2k, 2p and 2r.

c-That action on the invention of Mr. Ralph Armstrong, Variable Condensers, Paragraph 2i, be deferred pending receipt of more information as to its uses and circuits.

d-That action on the invention of 1st Lieutenant Nelson Moore, Field Splice, Paragraph 2s, be deferred pending a field test.

~~1100-3~~

e-That the invention of Private Leonhard Katz, Aerial Torpedo Chaser, Paragraph 2t, be forwarded to Radar and Aircraft Radio Branch for study.

f-There is no objection to the inventors listed in Paragraphs 2a, 2b, 2c, 2d, 2f, 2g, 2i, 2l, 2m, 2n, 2o, and 2q applying for patents at their own expense, if they so desire.

g-That the inventors mentioned in Paragraphs 2a, 2h, 2k, 2p and 2x will not enter into agreements with manufacturers without complying with the regulations of the Chief Signal Officer pertaining to such agreements.
