

SPSIS-3

18 September 1945

SUBJECT: Patent Application Serial No. 300,212, 19 October 1939, Release of

TO: Chief, Security Division

It is understood that the Legal Division, OCSigO, wishes to remove the secrecy order standing against the subject application. In view of the fact that I am an interested party in the determination as to whether the application should be released from the secrecy provisions, I do not deem it desirable to make any recommendation in the premises and suggest the matter be settled by competent authority.
