IN REPLY
REFER TOWAR DEPARTMENT
OFFICE OF THE CHIEF SIGNAL OFFICER
WASHINGTON

8

March 23, 1936

MEMORANDUM FOR R. & D. Div. Thru W. P. & T. Div.

1. There are being forwarded herewith draft specifications and drawings covering a proposed modification of Converter Type M-134T2, with the request that patent application be filed thereon in my name for assignment to the War Department.

2. The proposed modification should be considered in connection with further developmental work to be done on this machine by the Signal Corps Laboratories at Fort Monmouth when funds become available therefor on July 1, 1936.

William F. Friedman
William F. Friedman.

Attached:
Specifications and drawings.

1st Memo Ind.
