

MEMORANDUM FOR RECORD.

Application for patent serial number 182,546, of Boris C. W. Hagelin,
discloses an improvement on the cryptographic device H-209.

The case was considered at a conference, 1 April 1952, called by
Colonel Hurry and attended by

Mr. Martin, O4
Mr. Douglas, 12
Mr. Friedman, OOT
Captain Harper, O2
Mr. Hillback, O3
Colonel Hurry, O/2
Mr. Shaw, O4
Mr. Sidorov, O2
Colonel Sears, O4
Mr. Staffer, O3,

and it was decided that, since the disclosure now required no
classification, a recommendation should be made for the granting of
the petition for Reversion of Secrecy Order, made by the applicant.
