Declassified and approved for release by NSA on 06-17-2014 pursuant to E.O. 13526

## REMARKS

My recollection of AFSA-41's study of this was to the effect that the gadget would be of rather low order of security. AFSA-343 thinks differently or it seems that way. See "Conclusion." EO 3.3(h)(2) PL 86-36/50 USC 3605
