Mr. Harold P. Edmundson

Dear Mr. Edmundson:

Thank you for your letter of 5 February and for the reports which were inclosed, in particular the pre-publication copy of the first report on the language translation study.

As you surmised the report is of considerable interest to me and after I have been able to peruse the report more carefully I shall forward to you my comments on the possibilities of its practical use.

Meanwhile, I wish you success in your pre-doctoral work and hope that you will continue to bring to my attention such mathematical articles or projects as you think may be of interest to me.

Sincerely yours,

WILLIAM F. FRIEDMAN
