In accordance with the procedures outlined in a carrier sheet, 14 November 1947, from AS-80 to AS-85, subject "Packaging and Accounting for Reserve Cryptographic Devices," it is requested that two officers be made available to AS-85 for the packaging of the ASAM 2-1. Attention is invited to the provisions of paragraph 8 of the referenced carrier sheet which state:</p> <p style="margin-left: 40px;">"8. a. At least one of the two certifying officers will be from sources other than AS-82 or AS-85.</p> <p style="margin-left: 40px;">"b. One of the two certifying officers will be Regular Army."</p> <p>2. The officers will be required in AS-85 during the period 1300 to 1630 each working day. It is estimated that it will require approximately two weeks to complete the packaging of units now available.</p> <p>3. Attention is further invited to the fact that, at approximately the time the present equipment is packed, the normal output of the Branch will require two officers to be available fifty to seventy-five percent of the afternoons of each working day. As soon as the Department of the Navy starts to deliver the ASAM 18 units under the proposed contract, the services of two officers will be required every afternoon.</p> <div style="text-align: right; margin-top: 20px;">             K.
