Tools and Dies

1. It is requested that the tools and dies used in the manufacture of the feeler gauges, cavity gauges, separating gauges, metal gauge cases, clutch-driven gears and clutch-driving gears, which were purchased on Contract 1281 Phila 46, be delivered to the Cafeteria Basement for storage by Maintenance Branch.

2. It is further requested that Mr. Kuhn be notified on Extension 247 as to the date and time of delivery, so that arrangements can be made to have the storage space opened.
