WAR DEPARTMENT
1919

August 21, 1919.

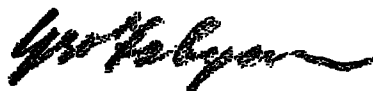

Dear General Churchill:

[I delayed sending the papers 24 hours in order to give them a final checking, for the purpose of being sure.

These papers should enable Major Yardley to demonstrate to Colonel Mauborgne that the new method of using the Machine is not as good as the old. May I suggest that Major Yardley notifies Colonel Mauborgne immediately on his return to Washington to withhold his report to the Chief of the Signal Corps until he has studied the enclosed as I feel it might save him some embarrassment.]

I wish some action could be taken to correct the impression of Riverbank at the French and British War Offices.

Sincerely yours,

To General M. Churchill,
Woodward Apartment,
2301 Connecticut Ave.,
Washington, D. C.
