 liable to error, but he

 logged out to Army 2 Dec.
 It is possible that this copy

MEMORANDUM for General Carter W. Clarke, Deputy Chief,
MIS.

Subject: Message 27065.

1. Recently a thorough search was made in our files for the original intercept and work sheet of a message connected with the Pearl Harbor affair. It is possible that circumstances to develop later may make it desirable that we locate this particular intercept and work sheet. There is a possibility that it is in the files of OP-20-G at NCA, and it is suggested that a request be made for a search for the missing papers.

2. A copy of the translated message is attached hereto from which the necessary data for making the search can be obtained.

For the Chief Signal Officer:

W. Preston Corderman,
Colonel, Signal Corps,
Chief, Signal Security Branch.

1 Inclosure:

Incl. 1: Copy of Message
27065.
