Major Bergman/8129 Ext 462

1. The Army Security Agency concurs in the attached supplement to Fiscal Year 1948 Research and Development Program, and it is requested that three copies be made available to this Agency.

2. It has been noted that the research and development activities of the Army Security Agency have not been discussed in either the Fiscal Year 1948 Research and Development Program or the supplement thereto. It is considered by this Agency that it would be extremely desirable to include such references in the Research and Development Program for Fiscal Year 1949, which is to be published about 1 July 1947.
