3. At its Sixty-sixth Meeting on 13 July USCIB considered the JIC memorandum (USCIB 14/141) and decided:

- b. That both of these problems should be considered by an Ad Hoc Subcommittee of the Security Committee which should consist of only one representative from each agency and should report directly to the Board with regard to both these problems.

4. At its Sixty-eighth Meeting on 10 August the Board re-considered USCIB 14/141 and decided:

- a. That the Security Committee should consider this problem apart from its reconsideration of USCIB 13/195; and
- b. That consideration of USCIB 14/141 should be the Security Committee's highest priority task; and
