

25 May 45
 I called Hudson ~~on~~ 23 May. He
 promised to see Goodrich who
 called me 25 May to ask why
 it was necessary to send someone
 to the field since the SSO channel
 had been authorized for this
 purpose specifically. I said
 that the security people here
 felt that the SSO's were much
 too busy to make the proper
 check of the sources of every
 info as being in what system.
 I inquired about Col. Wyatt who is
 an SSO now in Washington temporarily
 and asked if he could be made
 available for a conference with
 security people now to become more
 familiar with the SSO aspect. He
 thought it could be arranged, and will
 let me know. Shall we arrange a
 conference of Goodrich, Wyatt, Mass
 Spitzer, you and I? Then we could discuss
 the whole problem and see if we can't settle
 it once and for all.
