#203

PARTS 1-7

Part 1

(NE INTELLIGENCE)

1. Military Intelligence:

A. The concentration of troops on the English mainland is continuing at present. Judging from military personnel wires intercepted between the 6th and the 10th, in the first part of this month (an) American convoy arrived in England proper.

Also, on the 17th, 100 wires of\* Australian soldiers concerning arrival in England proper were intercepted. Judging from these wires, quite a few Australian flying crews are being supplied to England.

Up to now the abbreviations for wire addresses to American troops in England proper which have been identified amount to between 93 and 150.

Part 2

B. The furloughs of American troops in England (?were terminated in general?) in the middle part of this month. Wires concerning furloughs granted this month have fallen off sharply, and those to families

saying, "There's nothing to worry about," are many. However, it is particularly to be noted that some are found here and there saying such things as: "We are in rigorous training"; "I cannot write a letter."

C. The American communications we have here report that American soldiers are present in swarms wherever you go in England. The English are expressing dissatisfaction saying, "The American troops are increasing every day, and the loan of bases in return for war materials will be turned down."

Part 3

D. In the American forces on the BURMA front there are mechanized units which came from the SOLOMONS area. Also, the additional English submarines sent to the East Asia area came from the Mediterranean region (Newspapers.).

2. The situation in regard to the transport of American goods to Russia from October 1941 to 1 January 1944.

(From the American Intelligence Bureau<sup>a</sup> to the Moscow Embassy). (For your information.)
