#064 (Parts 1-3)

Re the report of the United States Attache in Russia on the United States airmen who raided Tokyo.

This intelligence is a (?decipherment?) of the wire text from Kuibyshev to Washington on May 24th. We are sending it for your information and please be very careful how you treat it.

1) The airmen are at present in the vicinity of Penza and they are receiving satisfactory treatment from the Russians.

Part 2

2) Report of Captain YORK.

a) BINNEN --U-- --U-- --U-- we flew through rain. After bombing the industrial areas on Tokyo bay, we crossed the Sea of Japan and landed in the vicinity of Vladivostok.

b) Altitude flown at was about 100 feet over the ground and about 5,000 feet over the water.

Part 3

c) We didn't see any A.A. or barrage balloons in the vicinity of Tokyo. The industrial plants weren't camouflaged at all.

d) Fuel consumption was 92 gallons per hour.

Declassified and approved for release by NSA on 11-17-2014 pursuant to E.O. 13526

e) We took pictures of the industrial areas.

3) The United States Attache got these pictures from the Russians and is making arrangements to send them to Washington.
