Memorandum

TO : Mr. William Lutwiniak
Chief, P1

DATE: 10 July 1974

FROM : Vincent Wilson, Jr.
Chief, E51

SUBJECT: TDY of Mr. Callimahos to Marshall Library

A particularly pleasant duty I have had since Gen. Carter left NSA has been to serve as Agency Liaison Officer to the George Marshall Research Foundation, which he serves as president. As you know, the Marshall Library in Lexington, Virginia, holds all the papers, books, etc. of William F. Friedman, and the Archivist has asked for professional help in sorting and evaluating some of the Friedman materials. Because of his professional qualifications and his close association with Mr. Friedman, Mr. Lambros Callimahos is uniquely suited to such a task, and I would like to have him spend a few days at the Marshall Library with me later this month.

Mr. Callimahos has indicated that he would be most happy to go with you to Lexington, Virginia, to assist in the evaluation of items in the Friedman Collection. You may get in touch with him for the necessary arrangements.
