SUBJECT: Request for TDY Orders

PL 86-36/50 USC 3605

TO: T509

1. It is requested that orders be cut for Messrs. Wallace R. Winkler, [redacted] and Russell G. Fisher, [redacted] [redacted] to travel to Lexington, Virginia, on or about 20 October 1981, to visit the George C. Marshall Research Foundation, Virginia Military Institute. The specific purpose of the trip will be to review the William F. Friedman Collection to restore, if appropriate, the proper classification of several documents which were incorrectly declassified in 1975. Inasmuch as several hundred documents are involved, it is anticipated that the task will take at least two days, including travel time. The most economical means of transportation will be by rental car.

2. As a consequence of a short, informal visit to the Foundation by Mr. Fisher in June, it was discovered that several documents which had been incorrectly declassified were available to public viewing. Mr. Royster Lyle, Curator of Collections, has agreed to remove these documents from public access until such time as our team can make an official visit.

3. The General Counsel and Q4 agree to reclassifying these documents. Q4 is forwarding official Agency correspondence to the Center in this case, and will inform Mr. Lyle of the impending visit by the team.

4. Although T541 has not programmed for this TDY in the First Quarter, FY82, the importance of this review is deemed to be sufficient justification for the expenditure of funds at this time.
