Dear John:

Just a quick note to reiterate what I told you on the telephone yesterday, i.e., that Mike Levin declassified the message you had forwarded to me. Accordingly, I have copied the message and asked Mike to place his "declassified" mark on it, which he has done.

In case I have not said it before, I would like to thank you for all of your assistance to Mike, Russ and me while we were at the Library. You were very helpful to our efforts to sort through the materials and the prior events such that we can try to pull all of the pieces together. Thank you.
