II. (U) BACKGROUND

(U) Introduction

(U/FOUO) This is an contractor assigned to the working under contract number on the contract.

(U/FOUO) After receiving the anonymous complaint, the OIG requested the NISIRT review unclassified U.S. Government account for misuse. The NISIRT reviewed the account for the period 17 January through 26 February 2013. The NISIRT provided their activity report to the Office of the Inspector General on 4 March 2013.

(U) Applicable Authorities

(U) See Appendix A for the full text of the applicable authorities.
III. (U) FINDINGS

(U//FOUO) Did an contractor, misuse her unclassified NSA/CSS IS in violation of NSA/CSS Policy 6-4?

(U//FOUO) CONCLUSION: Substantiated. The preponderance of the evidence supports the conclusion that misused her unclassified NSA/CSS IS. used Government resources to perform tasks that were not authorized by contract and for personal use in violation of NSA/CSS Policy 6-4.

(U) Documentary Evidence

(U) NISIRT Report

(U//FOUO) The NISIRT provided the OIG with an analysis of activities on the unclassified NSA/CSS IS. was observed performing non-work related activities. A sample of the non-work related activity can be found at Appendix B.

(U) Testimonial Evidence

(U//FOUO) On 13 March 2014, was interviewed and provided the following sworn testimony:

(U) has been an contractor for the last years. She moved to the office in March/April 2013 and no longer has access to the unclassified network. Prior to that, had an unclassified account while working in the unclassified network. She used the unclassified internet for research pertaining to her contract related work.

(U) admitted to accessing the unclassified network for personal use and billing the time spent on personal activities to the Government contract. used her IS to . She realizes now that she should not have conducted any personal activities using government resources, but at the time she was unaware that as a contractor, this activity was not allowed. is now aware of the relevant policies and would not continue this activity if she had access to the unclassified IS.
(U) Analysis and Conclusions

(U/FOUO) Contractor's use of Agency IS for personal use is extremely limited. NSA/CSS Policy 6-4 permits contractor use of NSA/CSS ISs to perform tasks that are authorized by contract, approved by the Contracting Officer, and permitted by this policy. The NISIRT report and testimony confirmed that she was using the NSA/CSS unclassified IS. This activity was not contract related. Additionally, NSA/CSS Policy 6-4 allows contractor personal use of NSA/CSS ISs for brief, infrequent communications to deal with urgent matters. Although activity was brief, her use was not to deal with urgent matters. Finally, personal use of the unclassified IS was billed to the contract; an additional violation of NSA/CSS Policy 6-4 requiring that time spent using the NSA/CSS IS [for personal use] is not billed to the contract.
IV. (U) RESPONSE TO TENTATIVE CONCLUSION(S)

(U//FOUO) was provided the tentative conclusions on 24 April 2014. (U//FOUO) was given a due date of 1 May 2014 for her response to the tentative conclusions. No response was received as of 6 May 2014.

(U//FOUO) The conclusion of this investigation remains unchanged.
