Lt. Pearson called Manson while I was in

TO Mr. Grant Manson. Dept of State

4 Aug 50

From Mr. Friedman, AFSA-14

Dear Grant:

In Yardley's American Black Chamber (1931) the demise of that unit was ascribed to the disapproval of the activities by Sec State Stimson. A couple of years later Yardley himself told me that he was in error in ascribing same to Stimson and that it was in reality President Hoover. Do you have any way of verifying Yardley's later version from the official record?

/s/ Friedman

Dr. Sanford requested to take above original to Lt. Rowett & ask him to get the memo to Mr. Manson, if that is the correct channel
