Dear Vince:

We certainly enjoyed seeing you again in Lexington, and we are all, as always, indebted to you for your kind assistance to the Marshall Foundation.

It was most pleasant to meet the Callimahoses, and I appreciate so much your seeing that they got to the Library. I have given General Carter a good report on all of you. He was especially interested in your visit.

The two days were most stimulating to Tony and Lynn.* Your advice and counsel are invaluable.

We hope to see you sometime soon, again our thanks for your help.

With my kindest regards.

Sincerely,

Royster Lyle, Jr.
