Mr. William F. Friedman
310 2nd Street, S. E.
Washington, D. C.

Dear Mr. Friedman:

Because of some conflicts in the originally proposed date for the next meeting of the NSA Scientific Advisory Board, it has been suggested that we consider meeting either on the 20th and 21st of November or the 4th and 5th of December.

I would very much appreciate from you as soon as convenient an indication of a preferred date, in order that we might prepare and distribute the agenda and make other necessary arrangements.

Sincerely,

S. KULLBACK
Executive Secretary
NSA Scientific Advisory Board
