PERSONNEL REQUIREMENTS OF USCIB EXECUTIVE SECRETARIAT

1. It is felt that the initial strength and organization of the USCIB Executive Secretariat should be as follows:

- |   |   |
|---|---|
| (1) Executive Secretary<br>(Colonel rank (or equivalent) or civilian of approximately equal level)                              | 1 |
| (2) Deputy Executive Secretary<br>(GS-14)   | 1 |
| (3) Assistant Secretary for Security matters<br>(Lt. Colonel rank (or equivalent) or civilian of approximately equal level)     | 1 |
| (4) Assistant Secretary for Intelligence matters<br>(Lt. Colonel rank (or equivalent) or civilian of approximately equal level) | 1 |
| (5) Recording Secretary<br>(GS-9)   | 1 |
| (6) Administrative Assistant<br>(GS-8)  | 1 |
| (7) Secretary Steno for Security matters<br>(GS-5 - 6)  | 1 |
| (8) Secretary Steno for Intelligence matters<br>(GS-5 - 6)  | 1 |

2. Time may prove that full-time assistants for intelligence matters (and perhaps also security matters) may not be necessary. It is therefore recommended that, (a) the billets for security and intelligence assistants be filled initially by military personnel who can readily be absorbed when no longer needed and, (b) that the Executive Secretary make recommendations to the Executive Committee again in January 1954, or sooner if the need arises, with regard to the personnel requirements of the Executive Secretariat.
