~~TOP SECRET~~MEMORANDUM FOR THE SENIOR U.S. LIAISON OFFICER, LONDON:

VIA: THE DIRECTOR, NATIONAL SECURITY AGENCY.

Subject: Relocation of USAF RDF Unit from Bremerhaven [redacted]
[redacted] Germany.

1. The Commander, U. S. Air Force Security Service, has determined by equipment tests and airborne calibration that the relocation of an RDF unit of the 41st RSM from Bremerhaven [redacted] would provide results far superior to the results obtainable at the present location, particularly in the area north of Berlin and in northern Poland. It is further suggested that this unit eventually could be enlarged to form a mobile flight of the 41st RSM with a maximum of 4 or 5 positions capable of VHF and HF R/T intercept, as well as RDF, in an area which is currently lacking both quality and quantity in VHF cover. Initially, however, relocation plans involve only RDF facilities.

EO 3.3(h)(2)

PL 86-36/50 USC 3605

2. The Director, NSA is of the opinion that relocation of an RDF Unit of the 41st RSM [redacted] would measurably improve the effectiveness of the U.S. strategic D/F net in Europe.

3. Accordingly, USCIB has approved the above proposal and requests that it be informed of the views of [redacted] in this regard. If [redacted] should approve, USCIB suggests that the matter be handled directly by the appropriate local military commanders in Germany as directed by their parent services.

4. Please make representations to appropriate [redacted] authorities in an effort to obtain [redacted] approval of the above mentioned project.

RUFUS L. TAYLOR
Captain, U. S. Navy
Executive Secretary, USCIBConv to:
[redacted] Washington
