8. In view of the above, USCIBEC concluded that it is not yet clear that action by the Special Committee of the NSC is necessary to obtain the desired results nor are there sufficient facts at hand to provide the Special Committee with a basis for action. 9. USCIBEC therefore recommends that the conclusion and course of action set forth in paragraph 8 above be approved and that the memorandum to the Special Committee enclosed with reference (b) be held in abeyance until and unless USCIBEC should report that the situation is unsatisfactory.

10. This report by the Chairman, USCIBEC is submitted for consideration in connection with item 3 of the agenda for the 110th Meeting of USCIB at 1400, 10 December 1954. Due to press of time, it has been written in advance of the minutes of the meeting on which it is based and has not been approved in detail by the members of USCIBEC. It is, however, believed to convey correctly the sense of the meeting.
