MEMORANDUM FOR THE MEMBERS OF USCIB:

Subject: Semi-Annual Report of the Executive Secretary, USCIB.

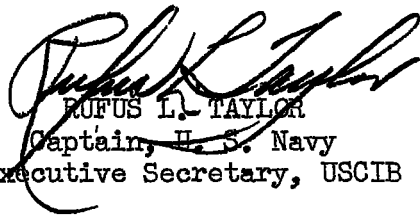

Reference: USCIB 5.4/19 dated 11 January 1955.

1. USCIBEC considered the reference at its 24th meeting and, noting an amendment presented orally by the Executive Secretary, approved the report without further change.

2. The Executive Secretary's amendment was based on later information and pertained to paragraph 5 of SECTION IIA, and reworded that paragraph to read as follows:

"5. The security of electrical transmissions of COMINT is still not satisfactory. It is considered that it is too soon to tell what beneficial effect, if any, has resulted from CIBD #9, and the report by the Director, NSA, contained as an enclosure with USCIB 13.5/81, dated 3 September 1954."

3. The decision of USCIBEC, reported in paragraph 1, above, is forwarded for USCIB consideration. In the absence of objection on the part of any member prior to 1200, Wednesday 23 February 1955, the USCIBEC decision will be considered approved.
