MEMORANDUM FOR THE MEMBERS OF USCIB:

Subject: COMINT Planning Conference Agenda.

1. The Coordinator's original proposal to the Director, GCHQ, (22 July 1952) was that US and UK representatives hold discussions on a number of important problems in Washington this fall. The Director, GCHQ, replied that local circumstances would prevent UK participation in a general conference prior to the first of the year. He expressed a willingness, however, to deal with any specific problem requiring immediate attention, whereupon the coming November conference on COMINT Arrangements for SACLANT was scheduled.

2. There remain a number of important matters pertaining to combined COMINT policy and procedure which require consideration, and it is planned to discuss these subjects at a Planning Conference to be held in Washington at the earliest practicable date in 1953.

3. The inclosure contains a list of proposed agenda items for such a conference. It is requested that this list be examined by all members with a view to recommending approval, additions, deletions, or other changes.

4. It is further requested that interested member organizations nominate representatives to the US delegation for this conference. In line with the procedure employed in the past, it is planned to have the US conference delegation meet in the near future to begin the preparation of basic US views on the matters to be considered. All members are urged to select the minimum number of conference delegates required to support their interests, each of whom should be qualified to the greatest possible extent to participate in the consideration of the subjects for discussion.

5. Replies are requested at your early convenience, and in no event later than 5 November 1952.

J. N. WENGER
Rear Admiral, U. S. Navy
Deputy USCIB Coordinator
