SUBJECT: SHAPE "Y" Approaches to [redacted]

TO: Director
National Security Agency
Washington 25, D. C

1. The Director, GCHQ, has requested me to express to you his appreciation for your speedy reply to his 311442Z August. He raises further questions, and I quote:

"1. The situation in respect of further SHAPE 'Y' approaches is becoming very complicated. It appears now to be as follows:

"(a) The U.S. would agree to some deferment of the approaches to [redacted] as requested in our 311442/8;

"(b) The U.S. and U.K. are agreed on the desirability of a fairly early approach to [redacted] for reasons stemming from the [redacted]

EO 3.3(h)(2)
PL 86-36/50 USC 3605

"(c) The U.S. would prefer some deferment of the approach to [redacted] for reasons also stemming from the [redacted]

"(d) SHAPE would wish to approach [redacted] at the same time as [redacted], the approaches however to be unilateral (information from SHAPE 'Y' officer);

"(e) SHAPE is anxious to approach [redacted] as soon as possible for reasons explained in ACofS(I)'s 251727/6, but will approach [redacted] if U.S. and U.K. authorities jointly concur.

"2. Taking these various factors into account and knowing that ACofS(I) SHAPE will be visiting the U.S. during the first two weeks of October I believe that the best plan would now be as follows:

"(a) No further approaches to be made by SHAPE until after ACofS(I)'s return from the U.S.;

"(b) SHAPE to approach [redacted] after 15th October, informing the U.K. beforehand of the intended date of approach so that we may brief our Ambassador in [redacted] to keep the SHAPE 'Y' approach clearly separate in [redacted] minds from the U.K. national approach;

"(c) SHAPE to approach [redacted] in November, i.e. after the [redacted] approach, thus giving time for the new UKUSA approach to the [redacted]

2. Would you please inform me, by signal, if you approve of this revised program. If so, I will so advise Director, GCHQ, and ask him to inform ACoFS(I) SHAPE accordingly on behalf of both countries.
