Suggest contact Brig. Tiltman
 re British items to be disclosed.
 This ^{conference} is to be on a reciprocal basis.
 I would not include ASAY 6 without
 getting AFSAAC concurrence on a
 vote sheet basis. Does Air Force wish
 to propose its inclusion? EES

SUBJECT: Amendment of Agenda of U.S.-British Conference

1. At the preliminary meeting held Friday afternoon 1 September, it was agreed to request the permission of AFSAC to add the ASAY 6 to the Agenda of the BRUSA COMSEC Conference under the heading of "Working Group No. 4 - Voice Security Systems for Tactical Purposes."

2. Reference is made to AFSAC 63/5 which was approved at the last meeting of AFSAC (25 August 1950) and which amended the subject Agenda to include certain items whose addition had been requested by the Air Force. In approving this paper AFSAC also approved the following paragraph:

"3. AFSAC is requested to approve the addition of the items listed in the Enclosure, and is further requested to authorize the U.S. delegation to discuss such additional items as may be proposed by either the British or U.S. delegation which the Director, AFSA, deems appropriate, and within the scope of JCS 2074/2."

3. In view of the above paragraph and the agreement that the Y-6 is an equipment which the Air Force will use for tactical purposes, it is considered that addition of the Y-6 to the Agenda can be accomplished without reference to AFSAC.
