LOCATION OF CONFERENCE

Meetings will be held at 8, Palmer Street, Victoria Street, London, S.W.1. (Telephone ABBey 7800). A sketch map is included at the end of this booklet.

ALLOTMENT OF ROOMS

Conference Rooms	Nos. 109) 113)	1st Floor
	209	2nd Floor
Head of U.S. Delegation:	No. 105	(Phone 234)
U.S. Delegates:	Nos. 205 ( " 218) 212 ( " 203)	

TELEPHONE PROCEDURE

The switchboard is manned continuously from 0915 hrs. to 1800 hrs. Monday to Friday, Saturdays 0915 to 1245.

To call anyone in the building dial the extension shown against the individual's name in the directory.

To call anyone outside the building dial 0 and ask for the exchange and number required.

In case of difficulty dial 0.

To recall operator press 'Recall' button twice.

Telephone Security

The utmost discretion must be exercised in discussing official matters over any telephone line. Private-wires are more secure than public lines only in that they cannot be monitored by public exchange operators. They are subject to monitoring by PBX operators and engineering staff and to a lesser extent to overhearing by the public due to faults.

Users of 'privacy' telephones should always bear in mind that such equipment provides limited security against casual overhearing only. It does not offer protection against deliberate interception.

Night Service

After 1800 hrs. calls to outside numbers may be obtained on extension 203 in Room 212. It is only necessary to lift the receiver and wait for the operator to answer.
