MEMORANDUM FOR THE CHAIRMAN,
STATE-DEFENSE MILITARY INFORMATION CONTROL COMMITTEE:

Subject: Release to [Redacted] of Cryptographic Devices.

1. The United States Communications Intelligence Board has consid-
ered the matter raised in your memorandum of 15 July 1952, above subject, and has agreed:

   a. To approve, as an exception to existing policy, the release, on a free loan or rental basis, of 10 combined cipher machines (CCM) for use by the [Redacted]

   b. To request that SD-MICC explore, with the Armed Forces Security Agency (AFSA), the subject of cryptographic Security with a possible view to providing the [Redacted] with technical assistance in this field.

2. With reference to paragraph 1a, above, it was understood that the Director, AFSA, would inform the Chairman, SD-MICC, of the possible availability of additional CCM machines, up to the requested total number of 25, during the remainder of the [Redacted] fiscal year (which ends in February 1953).
