MEMORANDUM TO AFSA-254

1. The report of TICOM activities since 1945 prepared by the Air Force Security Service under the title "Review of TICOM Status" is incomplete and inaccurate. It should be completely reworked and issued by AFSA-14. If the report is needed for an imminent meeting of the USCIB Collateral Committee it should be deferred to a subsequent meeting at which time AFSA-14 will have issued its official status report of TICOM activities 1945-1949 and will furnish a copy of the report to that Committee.

2. The mimeographed sheets of this report which have been prepared by AFSA-254 are returned with the understanding that this report will not be issued as an AFSA-254 report. It is requested that the Air Force Security Service be informed of the contents of this memorandum.
